

# About Us

Welcome to Katell, a UK based company specialising in the design & manufacture of high quality fires, fireplaces & media walls.

Our ongoing commitment to high quality and exceptional performance is reflected in this stunning collection of electric fireplaces. Each fireplace is designed with a passion and crafted here in the UK and our team of skilled craftsmen ensure products are perfectly suited to your interior and changing lifestyle.

Admiring our fires, fireplaces and media walls first hand is the best way to appreciate their stunning design and quality. Working with leading fireplace retailers across the UK, we are confident you will find the perfect fireplace for your home.

**The Italia Collection from Katell is an exciting range of electric fireplaces, featuring our stunning Eco and Optimyst ranges.**

Choose from a range of finishes to suit your home style and decor, from pearlescent to soft white, or concrete to marble effect - our finishes always add something special to your interior. The choice is ultimately yours!

There's a fireplace in the range to suit every property type and every room setting to create a welcoming focal point with great visual impact.

**ALL OTHER PRODUCTS - 1 YEAR WARRANTY**

## ITALIA OPTIMYST STOVES

The beauty of a real fire with the simplicity of electric, that's what an optimyst brings to your home.

Patented technology creates an ultra-fine water mist that rises up through the log-bed. A glowing light reflects against the mist creating an illusion of authentic flames & smoke.

**Image:**  
Cento Portrait  
White Marble  
Black Nickel Sides

## PREMIUM WOODLAND OAK LOG BEDS

As an upgrade to our fuel beds we also offer a premium quality woodland oak log set which will further enhance the charm of your stunning Katell electric suite.

They can be used on any iRange Slim, iRange Deep and Luminosa fires featured in our Italia Eco range.

## ITALIA ECO FIREPLACES

**You are in control** – Italia Eco fireplaces feature the latest heater controls that regulate use through intelligent sensing & timers.

**Room temperature & open window detection** – When the control detects a rapid drop in room temperature, it senses a window or door has been opened & the fire will cut off saving energy.

**7 day timer operation** – The fire can be set to operate at specific times each day throughout the week.

**Smart App Controls** – Control your fire with ease by downloading the app, personalise each element of the fire on your phone.

**LCD Fire** – The brand new LCD fires utilise high definition screens to show multiple variations of flame effects in your home to set the perfect atmosphere.

## MEDIA WALL COLLECTION

A media wall has become one of the most sought-after interior design features, creating a striking focal point whilst offering a sleek, stylish home for design-led modern electric fires as well as to house your AV and media equipment.

### Style & practicality

The finished look is sleek, slim and contemporary. Modern TV's are super thin and bright, backlighting is also popular and can really add a sense of drama to a room, especially when mounted above an ultra modern electric fire.

### Bringing simplicity to your life

Media walls not only show off your tech, they provide a cavity to hide all the unsightly electrics and cables whilst adding value visually and financially to your home.

# Amalfi

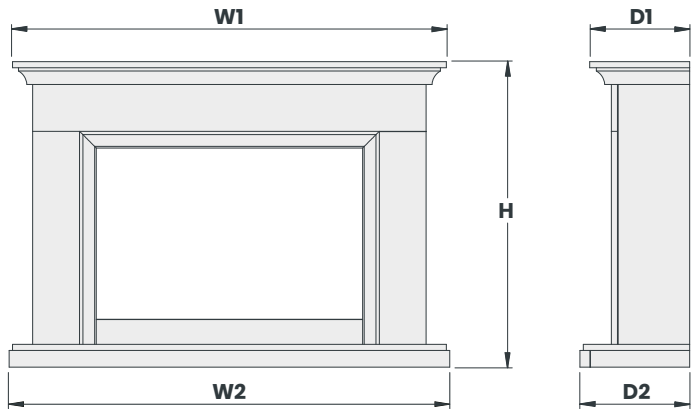

Beautifully crafted to command attention, the Amalfi creates a striking focal point that elevates the entire room. Its integrated electric fire, enhanced with premium led technology, delivers an impressively realistic display of dancing flames glowing over a richly detailed log bed, bringing warmth, ambience, and a touch of luxury to your living space.

# Media Walls

Our media wall collection incorporates modern electric fires creating a practical & modern centrepiece being both functional and hiding cables from electrical appliances to create a clean & uncluttered aesthetic.

This real world transformation shows how a media wall can transform an ordinary living room by adding a modern feature that you can design the rest of the room around.

LED Lighting creates a customisable feature that can set the mood, from encouraging relaxation to creating a party atmosphere. You can subtly highlight a TV recess, or boldly draw attention to the media wall.

Leaving a memorable first impression, a media wall is perfect for movie nights and social events.
